

# FIRSTWRAP®

by FPG

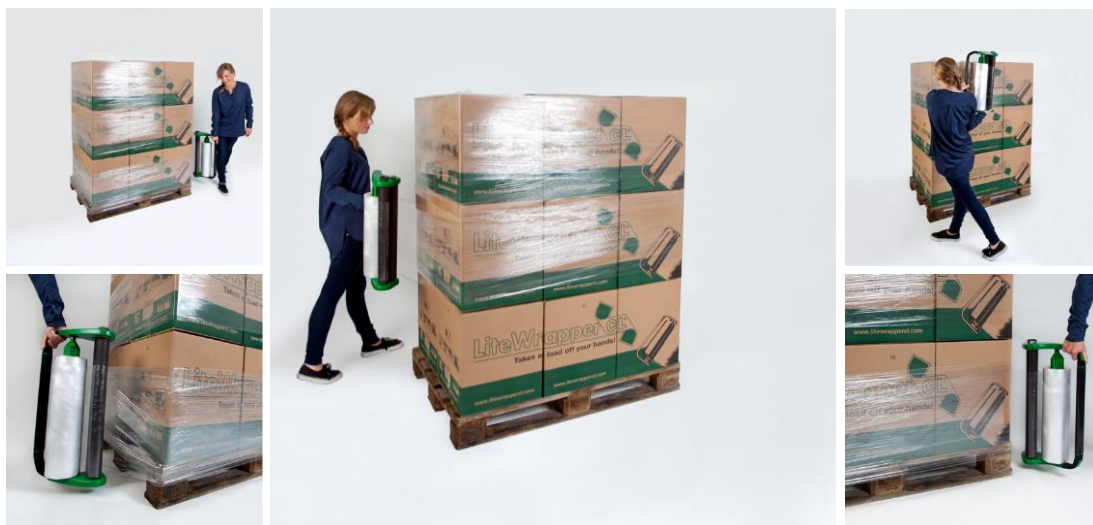

FirstWrap® by FPG is an ergonomic stretch film wrapping system that helps you hand-wrap your pallets quickly and easily with the highest quality.

- Light & simple to use
- Fast yet secure wrapping
- Consistent wrap quality
- Safe & ergonomic
- Saves cost

Manufactured in Netherlands, the FirstWrap® system is designed and developed using the latest technology, placing ergonomics and performance as its core focus.

Hand-wrap your pallets with increased ease, efficiency, consistency, and quality while saving as much as 75%\* of film compared to standard usage!

\*based on multiple trials by clients

## Ergonomic Wrapping

- ✓ Look and walk forward (prevents workplace accidents)
- ✓ No bending (prevents strain and injury)
- ✓ Occupies only one hand (other hand free to work on other areas in placing corner boards, holding arranged goods in place, etc.)
- ✓ Uses only half the usual physical strength to achieve double load stability (tested and proven!)

## One Roll, More Pallets

- ✓ Up to 75% less in weight compared to conventional films
- ✓ Longer than conventional rolls
- ✓ Decreased cost per wrapped pallet
- ✓ 1 pallet full of FirstWrap® high performance film allows you to wrap as much as 4200 pallets!

# FIRSTWRAP® by FPG

## High Performance Film

- ✓ Made of multi layer film
- ✓ WFE (With Folded Edge)
- ✓ High puncture resistance
- ✓ Best load retention
- ✓ One side cling
- ✓ No noise
